

VALUE SERIES FOUL BALL POLE

MODEL 1269-00 20 FT. POLE WITH 12 FT. MESH FLAG (156 LBS)

Two piece construction consisting of Post and Flag. Flag bolted to post with hardware provided.

MATERIALS:

Post: 3-1/2" O.D. galvanized steel.

Flag: 1-1/2" sq. tubing with 3/4" x 9 ga. flat diamond mesh welded to frame.

Finish: Powder Coated Yellow. All welds ground smooth. All hardware is zinc plated for long rust-free service. (Padding is not included)

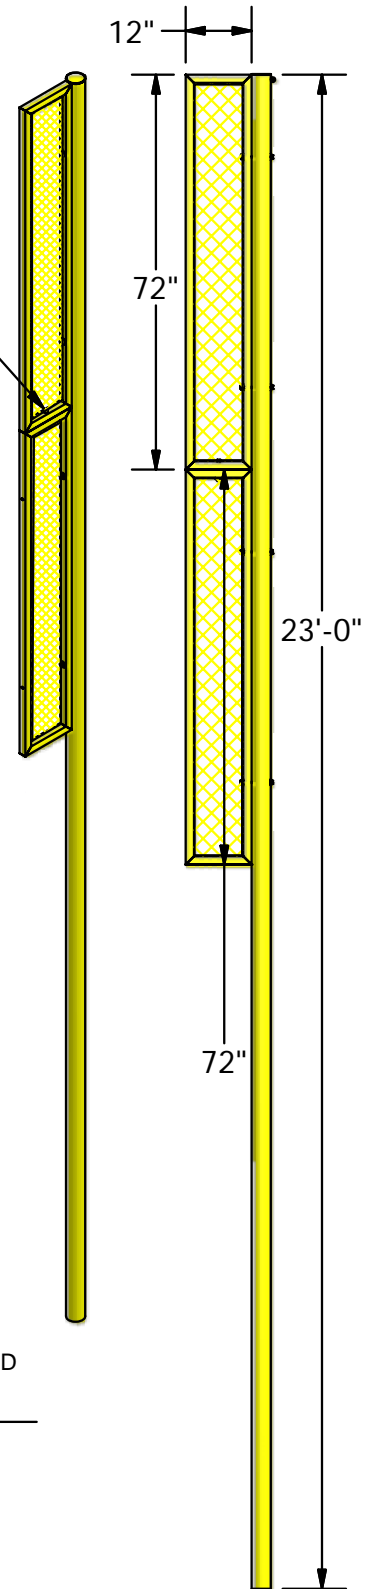

DIMENSIONS:

Height: 20 ft. pole above ground with a 3 ft. bury.

Flag: Overall 12" x 144" with 1-1/2" sq. tubing and diamond mesh.

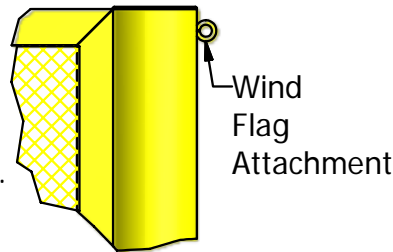

WARRANTY: 36 Months.

Flags joined with 3/8" Hex bolt, washer & nut.

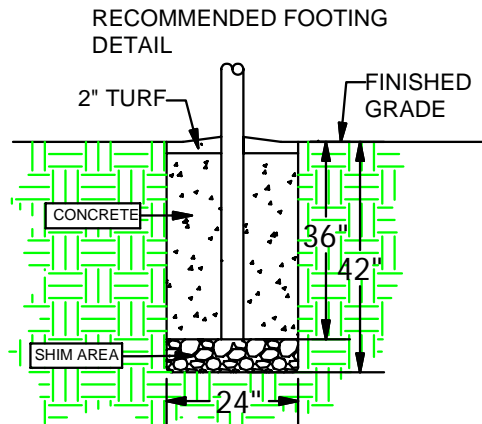

Installation:

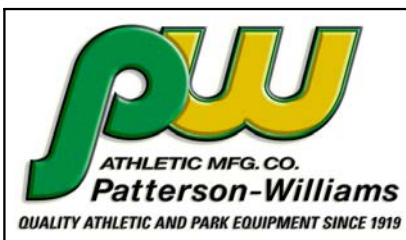

1. Dig hole per footing detail. Check local building codes for safest desired dimensions.
2. Assemble Flag to Post with provided hardware.
3. Position post in hole and rotate flag to desired direction inside foul line.
4. Pour concrete to within 2" of finish grade. Allow concrete to set for 3 days before removal of bracing and completion of installation.
